Columbia Jewish Community School
Grade 8 Student Aide Training 2009-2010
High School Jewish Service Learning 2009-2010
Learning Goals

Student Aide Training

Students who take this class will learn how to be effective student aides and role models. Some of the topics that we will be covering this year are: knowing yourself, being a role model, responsibilities, teaching, planning interactive activities, building relationships, learning styles/multiple Intelligences, leadership, working with groups, tutoring/mentoring, and learning disabilities.

Classes are taught in using engaging and interactive learning tools such as creative arts, hands-on activities, guest speakers, and videos.

Jewish Service Learning

Students who take this class will be exposed to many exciting ideas and hands-on experiences. We will be focusing primarily on the process of planning, implementing, and reflecting as it relates to our service experiences.

Each unit that the class covers this year will include both a service project and in-depth learning of relevant Jewish issues. Some of the units that we will be covering this year are: types of service/philanthropy, treatment of animals, feeding the hungry, helping the homeless, caring for the environment, visiting the sick, and respect for elders. We will also highlight and discuss exceptional individuals and groups who demonstrate the above behaviors.

Students in the service learning class will enjoy frequent service-learning field trips, guest speakers, and interesting discussions. They will also be given the option of organizing a school-wide *Tzedakah Fair*.

Some of the service projects/field trips that we will be involved with are: helping abused animals, feeding the homeless, cleaning a stream, and visiting a nursing home.
