AT THE NEW YEAR, AS LEAVES TURN BROWN, LET'S TURN GREEN

Wendy Hall - Breakout Group 1

We will discuss the environmental significance of the Jewish New Year, the ongoing work of the CJC Green Team, and what we as individuals and a community can and will do to care for Creation.

LOSS

David Zinner - Breakout Group 2

So many losses - not seeing friends and family, deaths where we were unable to have the community with us at the funeral, lost days to isolation after testing positive, and more. Pack up your troubles and share them with us.

INTRODUCTION TO MUSSAR

David Glaser - Breakout Group 3

Mussar is a 1,000 year old, Torah-based system of character development. It is a treasury of teachings and practices that help us to release the spark of holiness that is part of our nature as humans, made in the image of God. We do this by studying the soul and the traits it comprises; we do this by exploring our unique spiritual curriculum. Based on Everyday Holiness: The Jewish Spiritual Path of Mussar, by Alan Morinis.

CHEVRA KADISHA

David Zinner - Breakout Group 4

What is this holy society? What do they do and how can I participate? Is it true that the Howard County Board of rabbis is helping start a community wide Chevra Kadisha that will offer tahara in both Baltimore and the Washington suburbs. And why do we keep talking about death - isn't this a little too depressing? We'll answer all these questions and more in a realistic, non-depressive atmosphere.

CJC's STANDING FOR RACIAL JUSTICE COMMITTEE

Judy Vogel and Susie Feldman - Breakout Group 5

For the past 2-1/2 years a group of CJC members have been exploring Black and Jewish history about race discrimination. Now during these solemn holy days, we offer a session to learn about this initiative and the Resource List we have developed so all congregants can pursue their own learning.
